

# TURQUOISE MARINE SERVICES QUALITY & ENVIRONMENTAL POLICY

Turquoise Marine Services Ltd (TMS) is an engineering consultation company that provides a range of solutions ensuring that its clients' requirements are satisfied, and safe, environmentally sustainable and cost-efficient engineering solutions are created.

## Commitment

Turquoise Marine Services is committed to ensuring our services are delivered to our customers in full compliance with customer and other applicable requirements and expectations meeting design criteria, quality of supply, environmentally friendly, reliable & safe equipment delivered on time. We ensure that the internal and external issues are addressed effectively so that satisfaction of interested parties is maintained.

- Turquoise Marine Services goal is – 100% customer satisfaction with minimum possible environmental footprint.
- The quality of all products supplied by Turquoise Marine Services will not be compromised for expediency or any other reason and shall be strictly supplied in accordance with ISO 9001 standard adhering to maintaining and improving an Integrated Management System.
- All Turquoise Marine Services personnel will be involved and understand our commitments and procedures to proactively contribute to continual improvement of our processes.

## Objectives

To meet the commitments set in this policy, Turquoise Marine Services will strive to:

- ensure that our quality and environmental goals and standards are understood and followed at all levels in the company.
- Meet and exceed our customers' expectations in our day-to-day activities.
- Conserve energy, water, paper, and other natural resources while still providing a comfortable working environment.
- Minimise waste through reducing, reusing, and recycling products and materials.
- Prevent and minimise pollution from our activities.
- Provide an environmentally sound workplace and progressively implement a range of environmentally sound work practices.
- Include environmental impacts in our purchasing policies where appropriate.
- Comply with all relevant UK Government, State and Territory environmental legislation, regulations, policies, and initiatives.
- Foster an environmentally responsible culture throughout the company and encourage staff to develop new ideas and initiatives.
- Hold management accountable for our quality and environmental performance.
- engage with contractors and suppliers to ensure that their quality and environmental standards match ours.
- periodically review the suitability and effectiveness of this policy, our management systems, targets, and objectives

## Responsibility and Implementation

Responsibility for compliance with this policy lies with the Turquoise Marine Services Director. It is also the responsibility of all individuals to make themselves aware of Turquoise Marine Services' quality and environmental commitments and objective and to comply with Turquoise Marine Services procedures.

Engin Dogan  
Director
